Lifelong
Learning
Programme

With the support of the
Lifelong Learning Programme
of the European Union.

You are warmly invited

to the final event of the EU education project vidusign – creative video for the deaf. vidusign is about video as a means of communication and creative expression for young deaf people. The project's long-term goal is building inclusion into education and work and increasing awareness of deafness.

Join in for a three-hour colourful programme

- > Watch creative video presentations from deaf artists across Europe
- > Enjoy the key input from Prof. Dr. Christian Rathmann, Hamburg University
- > Participate in short workshops for the deaf and the hearing
- > Network with experts from Berlin, Germany and the whole of Europe

A barrier-free event

in co-operation with the Education Department of the Deutsche Kinemathek - Museum for Film and Television
